CLVN Holiday Party – River on Sheffield

WHAT HAPPENED LAST MONTH
MINUTES FROM SEPT. 10, 2019 MEETING

CLVN President, Diann Marsalek, called the meeting to order at 7:15 p.m. Officers in attendance: Terry Diamond-Vice President, and Area Directors-Dorothy Klees, Sharon Williams and Charley Wilcox. Excused officers were Ross Kerr-Treasurer, Mary Anderson-Corresponding and Area Director Dorothy Mroski. A quorum was present.

Presentation by Susan Nordstrom Lopez of Advocate Illinois Masonic Hospital: Susan Nordstrom Lopez introduced Tim Tracey of Smithgroup (architect), KLOA who performed the parking study, Turner Construction and Jack George, attorney for the Hospital. The hospital presented to CLVN in May and July seeking to amend the PD 50 (planned development-the City zoning ordinance controls the development of the Hospital Campus) to add a parking garage on Sheffield between Wellington and Nelson, raze the former cancer center at Mildred and Wellington and to replace the building on Nelson to extend the new Center for Advanced Care to the el track. The building at Wellington and Mildred will be razed and a new building will be erected with a green roof. The surface parking lot bordering Mildred and Oakdale will remain a surface lot. The building will consist of masonry with glass and punched windows for light. The mechanicals will be located within the building.

A new parking deck is proposed as part of the PD 50. The first floor will house physical therapy with the other floors for parking. A traffic study was performed in March and June of 2019 during 7:45 a.m. to 8:45 a.m. and 5p.m.-6 p.m. During the recent study they found pedestrian and bike and car traffic all up from March study. The entrance and exit to the parking deck will be on Nelson. There are 408 spaces in the garage with 30 dedicated to the therapy patients so 378 can be used by staff and others. The Hospital will terminate contracts with the VIC and Century for 150 offsite parking spaces. There are 380 parking spaces in the garage on Halsted north of Wellington. There will be one lane to enter and exit on Nelson. Employees pay \$40.00 per month for parking. All parking spaces in garages amount to 1645 spaces. They are addressing lighting concerns and looking at sensors. A slide presented shows the wall or a covering to block the headlights on cars so this light will not spill on to the street. Also two large poles on the roof would be on sensors for lighting or have dimming capabilities. The intent is to keep light from spilling out onto Sheffield.

The Hospital would have to return for another amendment to use the additional far (building are) included in PD50. They are seeking to amend and expand the PD to include the property on Sheffield between Sheffield and Wellington and Nelson to build another parking garage to serve Advocate Medical Campus. They will meet with various city agencies. The Hospital hopes to appear before the Chicago Plan Commission on Oct. 23 and seek to have the PD amended in November of 2019.

A resident suggested the Hospital educate the staff to use public transportation as a way to reduce parking and traffic congestion. The Hospital informed us many of the employees come from far places to work and work 12 hour shifts leaving at odd times. Another resident raised concerns about traffic congestion on Sheffield and pedestrian safety. The Hospital plans to move the entrance to the garage to Nelson to take some traffic off Sheffield. The Hospital will eliminate a curb cut on Sheffield. The Chicago Dept. of Transportation is reviewing the plans and may require additional crosswalks. Another resident is concerned about the traffic congestion during Cubs games, concerts at the VIC and neighborhood traffic. Another resident offered the Hospital should consider staggering the garage use by moving employees to other garages and using this new structure for patients and visitors. The Hospital indicated patients want a closer facility to park in. Another resident asked about converting the parking structure into offices in the future if parking demand decreased. The Hospital said it was not feasible due to the height of the ceilings which were lowered to keep overall height of the garage and low as possible. Jack George, attorney for the Hospital, informed the group the Hospital will not be using the space by the el as part of their floor area ratio or FAR.

Marsalek informed the Hospital that there are still open items and the matter was not ready for a vote. It was suggested the hospital draw up the required documents and covenants for CLVN to review. They will present at the next meeting on Nov. 12, 2019.

Second Presentation by 3141 N. Sheffield to Amend the Type 1 Zoning: Tabled to the next meeting.

A jury deliberated and returned a finding of guilty for involuntary manslaughter. A sentencing hearing will be in the future.

Planning & Zoning Committee Report: Poppy reported the committee is reviewing the request of the Hospital and 3141 N. Sheffield.

CDDC Report: Poppy reported a review was done of the plan by Optima for the space at Treasure Island which will be a mixed use with 254 apartments and 900 sq ft of retail space. Ald. Tunney commented that the population of the City is decreasing. Downtown has empty nest esters and young people living there. There are 55,000 individuals living in the ward compared to 60,000. Plans now look to increase density near commercial areas. Density has decreased from Ashland to Racine as more single family homes are being built.

LVCC Report: Tabled to the next meeting.

Lake View East Chamber of Commerce: Maureen Martino also reported on the plan for the former site of Treasure Island. Businesses like when more people are living in the area and less density hurts businesses. New planters have been installed on Belmont. Cement was laid at the corner of Wellington and Sheffield by fish Bar so the mud pit is gone. The security team is active and has found many overhead garage doors open while patrolling. You can attend or volunteer for the Festival of the Arts which is in its 15th year. The festival is held on Broadway this weekend. Dry Hop and Pastoral will be showcased.
